

MODESTO, CA, October 02, 2013 **/24-7PressRelease/** -- Our founding vision at CFLA was for attorneys and legal professionals to utilize cutting edge trade secrets and industry professionals to assist them in the training, research, and work product development necessary to litigate on behalf of their homeowner clients. We brought together some of the best minds in the legal and technological fields to make this vision a reality. The result is CFLA, the leading, nationally recognized legal brand for law firms, attorneys, and small business in the United States.

From the beginning, our mission was to set new standards for convenience and service in an industry not typically known for great customer care. For us, the goal is not simply to provide a smart, cost-effective alternative—it's to make sure everyone gets the legal protection they need.

Since opening our virtual doors, CFLA has rapidly expanded to become the premier online legal destination for small businesses and consumers. But as the company continues to grow, we're careful to hold true to our original vision. For us, putting the law within reach of millions of people is more than just a novel idea—it's the founding principle.

As the industry leaders in foreclosure defense strategies, CFLA has contracted with hundreds of leading foreclosure defense attorneys in every state.

As a result of continuing demand for proprietary lists of leading foreclosure defense attorneys in every state, CFLA is now offering free referrals to attorneys in every state that follow CFLA's successful model and litigation strategies.
