About the I Am Gladys Cabrera Foundation:

Days after Gladys Cabrera was tragically killed in the shooting that occurred on October 18, 2012 at the Las Dominicanas M&M Hair Salon in Casselberry, FL her family started the I Am Gladys Cabrera Foundation to tell their mother's story. Shocked and saddened, they could not understand how this could have happened to a person like their mother who was never in an abusive relationship. She helped anyone without hesitation. She was happily married to their father for 28 years. She simply lost her life for being in the wrong place at the wrong time. The foundation was created to honor their mother's character and help educate others about the consequences of domestic violence.
