

SYDNEY, AUSTRALIA, October 03, 2013 **/24-7PressRelease/** -- Sydney-based company, Infinite Growth, has again made the finals of the prestigious Western Sydney Awards for Business Excellence.

Infinite Growth has worked with a wide range of businesses nationally for nine years assisting clients to develop excellent business communication skills. The company's areas of specialty include business writing, presentation skills, and communication effectively with clients and colleagues.

The Awards are a celebration of businesses in Western Sydney - a growing and vibrant business hub - and recognise the significant contribution small businesses make to Sydney and Australia's economic development.

With a record number of entrants this year - 340 entries - 58 finalists were chosen. Each finalist was also in the running for a High Achiever Award.

On August 28, a special Finalists' Breakfast was held by one of the Sponsors of the Awards, the Commonwealth Bank. Each of the Finalists were presented a certificate for outstanding achievement in excellence.

Maria Pantalone from Infinite Growth was delighted to be informed at the breakfast that Infinite Growth's entry had been deemed worthy of the finalist status for an additional category making them Finalists in the categories of Excellence in Sole Trading and Excellence in Education.

In 2012, the Western Sydney Awards for Business Excellence recognised Infinite Growth's all-round business performance with a Highly Commended Award.

In 2013, the winners were announced at the Awards Gala Presentation Evening which was held at the WatervieW in Bicentennial Park on Tuesday 10 September. Although Infinite Growth didn't collect a trophy on the night, it was an inspiring evening of achievement and celebration of businesses from the region of Western Sydney.

Infinite Growth helps you improve your business communication skills so you can professionally present your products & services with maximum impact. Specialising in presentation skills, business writing, and leadership development.
