

Clarke Maxxi II Wet/Dry Vacuums Deliver Flexible and Powerful Cleaning Performance

Written by Australian Business

PLYMOUTH, MN, October 03, 2013 **/24-7PressRelease/** -- Clarke introduces the new Maxxi II Wet/Dry Vacuums, designed to provide a flexible, reliable cleaning solution for both wet and dry filtration. Available in three models - 9-, 14- and 19-gallon tank options - the Maxxi II series satisfies diverse cleaning challenges, ranging from small office environments to large education and healthcare facilities.

The Maxxi II-75 features a 19-gallon tank and is equipped with a front-mount squeegee with forward and backward operation, making it ideal for picking up wet matter when stripping with floor stripper and a floor machine. For emergency spills and floods, the Maxxi II-55 with 14-gallon tank delivers superior power and functionality, and is available with a hose, wand, squeegee floor tool, brush floor tool and optional front-mount squeegee. When dirt or dust is the primary issue, the Maxxi II-35 with 9-gallon tank offers quality filtration and dust capture, in addition to crevice and dusting tools. This model can also be used for wet applications.

"The Maxxi II wet/dry vacuums are designed to meet our customers' versatile cleaning needs," said Todd Schaeffer, Product Manager, Nilfisk-Advance. "Whether they need to efficiently pick up wet matter during floor stripping, clean up emergency spills or capture dust, our customers are guaranteed a solution to match their cleaning challenge."

The Maxxi II series provides versatile cleaning performance through the following benefits:

- Quality filtration** ensures superior performance while keeping the motor dry and protected from dust or water
- Easy operation** with the balanced, wide stance on the Maxxi II-75 and Maxxi II-55 deliver enhanced maneuverability, while the lightweight design of the Maxxi II-35 ensures easy transportation
- Multiple accessories**, including hoses, wands, squeegees and dusting tools, help tackle diverse cleaning applications

The Maxxi II series is ideal for schools and universities, healthcare facilities, grocery, retail outlets, arenas and stadiums and automobile dealerships.
