

NEW YORK, NY, October 03, 2013 **/24-7PressRelease/** -- "Quebec" is a two-volume luxury art book set focusing on the contemporary and historic culture of Quebec City and Montreal.

In this magnificent photographic essay, centering on two of the most iconic cities in North America, WCT Imprints present the cultural glory of 400-year old UNESCO World Heritage Site, Quebec City, and her distinctly contemporary and cosmopolitan counterpart, Montreal.

The flagship offering from WCT Imprints, "Quebec" is a stunningly beautiful celebration of a unique, urbane and sophisticated pairing of cities quite unlike any place else in the world.

From the kitchens, to the stage; from the churches, to the artist studios; from the architecture to the shops, "Quebec" is a book-lover's and arm-chair traveler's dream volume, illustrating a vibrancy, finesse and connection to history that makes Quebec a truly important and influential member of the world community.

While every page of "Quebec" is filled with compelling photography, both volumes take great care to connect with the leaders of the contemporary Quebecois cultural landscape, to hear their stories and to understand their unique perspectives.

"For me, Quebec is an living experiment in historic preservation and advancing a unique modern culture, " says Scott Lantry, Artistic Director for the set. " Listening to the amateurs and professionals in Quebec that contribute to culture every day, with their particular commitment, innovation and intensity lends depth and new appreciation to what is possible for contemporary culture in the New World."

This stunning set of two volumes is a must-have for world travelers, Francophiles, members of the French diaspora, and devotees of fine living everywhere. Alive with remarkable images of personal excellence and sublime locales, this hand-bound luxury edition of two volumes is presented in a linen clamshell case.

"Quebec", a luxury handbound two-volume set by WCT Imprints, Art Direction by Scott Lantry, 350 pages, 325 photographs, 20 tipped-in photographs. Publication Date: March 15, 2014. Limited to 10,000. \$450 U.S. and Internationally | \$450 CDN Canadian

About WCT Imprints
WCT is a North American interdisciplinary design firm specializing in furniture design and manufacturing, limited fine art photography and luxury photography book publishing.

WCT takes pride in using the finest materials to create an environment that balances the timelessness of traditional furniture with the function and aesthetic of contemporary design. All WCT furniture is hand-made in the U.S. and Canada.

WCT creatives bring a collective 300 years experience to the business of furniture design, photography and publishing. And, within the past five years, our work has been commissioned or collected by some of the most elite residences and hospitality projects in the world.
