

MAPLE GROVE, MN, October 04, 2013 **/24-7PressRelease/** -- Leading Maple Grove, MN dentist, Dr. Ryan Francis, introduces the availability of his expansive social network--Facebook, Twitter, MySpace and Pinterest. With the creation of these social networks, Dr. Ryan Francis of Grove Health Dental is able to communicate the importance of dental care and the various treatments and procedures that are offered. In addition, patients have the ability interact with Dr. Francis and other patients of Grove Health Dental.

Serving patients in Maple Grove, MN, Dr. Francis and his qualified staff believe educated patients are better equipped to make key decisions regarding their oral health. Patients can now rely on Grove Health Dental's Facebook, Twitter, MySpace and Pinterest accounts for easy access to oral health related resources, including treatments, symptoms, office details, and interaction with the dentists and patients.

"Social networking has grown over the years with Facebook now reaching over five million users. We have chosen to put our practice on various social networking sites in order to reach our patients even more than we do now. It is important that we make our presence known and allow them to feel comfortable coming to us with any problems they might have and Facebook allows us to do just that," said Dr. Ryan Francis, dentist in Maple Grove, MN.

Dr. Ryan Francis, family dentist in Maple Grove, in addition to his professional staff at Grove Health Dental, offers many dental services for the entire family, including dental cleanings, dental implants, Invisalign, cosmetic dentistry, and sedation dentistry in Maple Grove, among many other services and treatments. The dentists and staff at Grove Health Dental continue to pursue ongoing dental education and maintain memberships to several notable dental associations.

Linked with the Facebook and Twitter pages is the practice's informative blog. Patients are able to access the blog via the website or social networking sites. With just the click of a mouse, patients can access the educational blog for this Maple Grove family dentist at any moment for the latest information. Various topics included in the blog are knocked out teeth, top ten main causes of bad breath, and an array of other helpful dental information.

Delivering quality and convenient dental care comes natural for this cosmetic dentist in Maple Grove. Dr. Ryan Francis' commitment to pursuing continuing education combined with dedication to interacting with patients via their social media networks, further demonstrates the Grove Health Dental's commitment to providing patients with the best dental care available.
