

STERLING HEIGHTS, MI, October 04, 2013 **/24-7PressRelease/** -- Every year technology makes large strides in society. To take advantage of these improvements, Dr. Sheela Neral, dentist in Sterling Heights, MI, is pleased to announce the availability of her practice's Facebook and Twitter pages. Through Dr. Neral's social network, patients can remain "in the know" for important dental information, as well as information about Dr. Neral and her dental practice in Sterling Heights, MI.

"It is important that my patients can find the information they are looking for, whenever they need it. With the availability of our social network, I hope that my patients will continue to reach out to my staff and myself whenever they have a question, or simply want to share their experience with us. Facebook and Twitter are easy to use, which makes interacting with our patients easier than ever," said Dr. Sheela Neral, Sterling Heights, MI dentist.

To access the practice's Facebook and Twitter accounts, patients can visit the website for Dr. Neral. From the homepage, patients can click on the available links for instant access to the practice's social network. To remain updated about dentistry and the practice, patients can simply "Like" or "Follow" the practice on Facebook and Twitter.

Once a patient is "in the network," they will receive updates each time Dr. Sheela Neral, dentist in Sterling Heights, shares information through her social media channels. Important information about dentistry, including the announcement of the availability of Invisalign in Sterling Heights at Dr. Neral's office, are shared around the clock through the ever growing social network.

In addition to the practice's social network, patients can also leave reviews via popular search engines, including Google, Yelp and Yahoo. The review sites are available to help future and current patients better understand the services offered at Dr. Neral's dental office in Sterling Heights. Patients are able to read and leave reviews to instill a sense of confidence at each dental visit. Dr. Sheela Neral appreciates her patients' feedback and encourages each patient to share their experiences online.

For more information about Invisalign and the other services Dr. Neral offers, patients can visit the her website at <http://www.drneraldentist.com> or contact her office at 586-268-1040 (Sterling Heights) or 248-888-0364 (Farmington Hills).
