

SAN DIEGO, CA, October 04, 2013 /**24-7PressRelease**/ -- 4Medapproved.com - the definitive educational resource for health information technology - will be exhibiting at this year's 2013 MGMA Annual Conference in booth #329. Taking place October 6-9 at the San Diego Convention Center, the conference will host thousands of administrators, physician executives, chief executive officers and chief operating officers from various specialties and organization types and sizes. Leading healthcare professionals come from around the United States to enhance their knowledge and skills and keep up to date with the newest in recommended practices.

4Medapproved provides [online training and certifications in healthcare IT](#) and compliance areas including Meaningful Use, HIPAA and ICD-10, among others. Courses are designed to meet the needs of busy healthcare professionals with online practical lessons that apply to real-world health IT and compliance issues. The 4Med educational approach incorporates online text lessons, multimedia content, and assessments, along with hands-on practice sessions utilizing a live, certified EHR solution. All courses are modular, allowing students to learn at their own pace from any location. Courses also qualify for continuing education units (CEUs) for nurses, college students, coders and billers. A new initiative is also launching to provide CME for physicians in 2013!

The 4Medapproved staff will be joined at booth #329 by their strategic partners from HITECHAnswers.net and HealthcareNOWradio.com. Carol Flagg and Roberta Mullin will host the FREE 4Med Learning Lunch Series during the show by engaging influential industry stakeholders in radio show interviews on hot topics of interest to MGMA attendees.

All booth visitors will receive an insulated lunch bag to commemorate the expansion of the FREE 4Med Learning Lunch Webinar Series. The series highlights important topics in HIT and is now presented twice weekly to hundreds of medical community members. All booth visitors who register will also be entered in a RAFFLE to win one of more than a dozen FREE online Certified Meaningful Use Professional (CMUP) courses, one of the most popular 4Medapproved titles.

"I am pleased to exhibit at the MGMA event with a team of 4Med partners and staff," says Wendy Whitmore, CIO of 4MedPlus Corporation. "This conference appeals to the exact medical audience for whom we have built our unique online learning method and we look forward to showcasing our programs to the MGMA attendees."

The annual MGMA conference is one of the nation's largest healthcare gatherings. For more information about the MGMA13 Conference exhibitions, sessions and speakers, visit <http://www>
