

Dentist In Gastonia Shares Important Dental Information Through Practice Blog

Written by Australian Business

GASTONIA, NC, October 04, 2013 /**24-7PressRelease**/ -- When it comes to accessing important dental health care information, Dr. James McCarthy, a dentist in Gastonia, places education as a top priority for his patients. To help his patients better understand their oral health care, Dr. McCarthy invites his patients to explore his practice blog via his interactive website.

"I created a blog through my website to further help my patients understand their dental health care. Updated regularly, I will share information about dental advancements, dental tips and even information about my practice so that my patients are always up-to-date about important information," said Dr. James McCarthy, Gastonia dentist.

From information about his practice to valuable information about root canal therapy and invisible braces in Gastonia, the practice's educational blog offers up-to-date information that is accessible around the clock. For instant access to the practice blog, patients can visit <http://www.jamesmccarthydmd.com/blog.html>

Additionally, patients can continue to remain "in the know" about Dr. James McCarthy, dentist in Gastonia, NC, and his practice by joining Google+. As the newest addition in social media, Google+ allows Dr. McCarthy to share valuable information with his patients each time they log into their profile. Dr. McCarthy can share updates about the practice, specials and important dental health care tips around the clock so that patients fully understand their oral health.

The practice's Google+ page also allows patients to share their experiences with other patients. Dr. James McCarthy, Gastonia, NC dentist, appreciates feedback from his patients and encourages them to share their experiences about their dental visit or dental procedure. By leaving reviews, patients will help future patients gain the confidence they need to undergo important dental procedures.

To learn more about Dr. McCarthy, his staff or any of the services provided at his dental practice, patients are encouraged to visit his comprehensive dental website at <http://www.jamesmccarthydmd.com/> where they will find instant access to the educational blog and Google+ profile.
