

Pure Dentistry Offers Patients In Ann Arbor Teeth Whitening For Brighter Smiles

Written by Australian Business

ANN ARBOR, MI, October 04, 2013 **/24-7PressRelease/** -- Everybody loves a bright, white smile, and Dr. Mauricio Moeller is working to provide his patients in Ann Arbor with teeth whitening tips so they can enjoy an improved smile. Today there are a variety of products and procedures available to help improve the look of a patient's smile. With in-office techniques available at Pure Dentistry as well as take home whitening kits, Dr. Moeller encourages his patients to visit his office in Ann Arbor, MI for the best treatments possible.

"Whether our patients enjoy our in-office whitening treatments or our take home whitening kits, it is our goal to help our patients smile bigger and brighter than ever before. By visiting our office, we will work with our patients to create the best treatment option for their individual case so that they can smile with confidence this summer season," said Dr. Mauricio Moeller about teeth whitening in Ann Arbor.

Dr. Moeller, cosmetic dentist in Ann Arbor, offers multiple strength solutions for home whitening, as opposed to a "one size fits all" approach. Dentist-dispensed custom whitening trays, when used as directed, have been proven to be as successful as in-office whitening bleaching when used over an extended period of time. Even though patients can get over-the-counter whiteners without a dentist's recommendation, if overused, they can harm the tooth enamel and irritate gum tissue. Supervision by Dr. Moeller can help to prevent these problems, so that patients can enjoy a healthy, white smile.

Additionally, patients are encouraged to maintain regular dental visits to Pure Dentistry, as well as the maintenance of a proper dental regimen. By brushing twice a day, flossing daily and eating a healthy diet, patients can continue to maintain a healthy, glowing smile for a lifetime. While whitening procedures help to whiten a patient's teeth, maintaining a daily oral hygiene regimen will help to maintain a white, bright smile.

For more information about available teeth whitening in Danbury, patients are invited to visit Pure Dentistry online at <http://www.a2dental.com/> or by contacting Dr. Mauricio Moeller at (734) 662-7874.

About Pure Dentistry: Dr. John Wehr received his DDS degree from the University of Michigan after joining the National Guard.
