

NIS, SERBIA, October 05, 2013 **/24-7PressRelease/** -- Webelinx continues with releasing new girl games for iPhone of outstanding quality, the latest one being 'Beauty Salon - Makeup Game', an excellent game for prospective future makeup artists and all those talented people who would like to express their creativity but don't have an adequate model. The game provides an excellent practice for finding the best makeup looks having the perfect model to test them on. An ideal game for improving makeup skills and simultaneously a great pastime.

'Beauty Salon - Makeup Game' is an ideal game for all those who have an eye for aesthetics and would like to show off their talent and creativity. It is an attractive makeup game with a female model and an abundant makeup palette for eyes, mouth and cheeks. The user can customize the workspace with a variety of different backgrounds. It is possible to choose the skin color of the model, there are four different skin tones. As far as the beauty kit is concerned, there is a plentiful of makeup. For the eyes, besides lovely eyeshadow palette, colored eyeliner, attractive eyelashes and colored mascara, there are different eyebrow shapes and colored contact lenses. For the mouth there are lovely chic lipsticks and lip glosses in trendy colors, and for the cheeks there are different blush choices. For any correction or makeup removal, the player can use the cotton pad. In addition to that, there are facial piercings available, such as labret piercing, monroe piercing, nose piercing and eyebrow piercing. As for accessories, there are beautiful bows and stylish earrings to choose from, as well as latest hairstyles! To round-up the experience, the user can take a picture of the model in the end and share it with friends on Facebook and Twitter, or save it in the personal gallery.
