

WINSTON-SALEM, NC, October 05, 2013 **/24-7PressRelease/** -- Maintaining your landscape is challenging especially when it comes to pruning and blowing leaves. This is an aspect of lawn maintenance that homeowners and commercial customers avoid seasonally.

"At Imperial Landscaping, we take pride in shaping shrubs, pruning and leaf blowing in addition to every other aspect of lawn care," said James Tolentino, president of Imperial Landscaping.

Our landscaping team is dedicated to producing quality results in all phases of landscaping and lawn care. Imperial Landscaping's services include: landscape design and installation, lawn maintenance packages, lawn treatments, lawn mowing, lawn aeration, seeding, fertilization, weed control, shrub trimming, leaf blowing, landscape lighting, planting, disease and insect control, and spring/fall clean up.
