ALAMEDA, CA, October 10, 2013 **/24-7PressRelease/** -- Dr. Marill realizes that finding an Alameda laser dentistry provider you can trust is not always easy. With new practitioners opening up regularly it can be tricky finding a dental professional that meets all of your needs. The new review feature allows potential patients to see comments from real people, which can help provide peace of mind when choosing an Alameda dentist.

Following are a sampling of actual quotes from patients of Dr. Marill that have submitted reviews on his website:

Evette M. stated: I was really impressed by the entire staff and the experience. I also was able to buy a \$50 voucher for \$100 worth of services on Yelp which I used with no issues. The dentist is very sweet and funny and the office is right by the water. Plenty of parking and just off the Webster tube. Definitely recommend this dentist!

Jeffery F. shared: I have sleep apnea and Dr. Marill offers the best device available. Its split into two parts so you won't have problems with jaw locking. The fitting went very well. The Dr. spent more than enough time with me to make certain that the device fitted perfectly. The staff is very courteous and the pricing, while not cheap, is comparable given that it's the best I've ever used. I'm very pleased with the result because I'm sleeping much better. I think he's the best around for sleep apnea.

Carlos G. said: I love this office ...I have been to two visits so far and I swear it feels like I've known these good people for years ! Dr. Marill is a cool guy, very informative and thorough. The hygienist's (Shea & Paula) I've seen both times are "the bomb"They made me feel very comfortable and delivered no pain all the while ! This office is great !

Alan C. wrote: I was referred to this dentist through the 1-800-dentist service. I am not a fan of dentists. To quote Woody Allen my mouth is "my second favorite orifice" (ears being first for music). And I don't want drugs just kindness and competence. And that is what I got. Dr. Marill and his office staff have incredible confidence and some of the best customer service attitudes I have encountered anywhere. Dr. Marill and his crew have me as a patient as long as I live in the bay area. I have never had such a great relationship with a dentist.

Dr. Marill encourages his patients to share their experience with the World Class Smile Center. He stated: "If you have been a patient of mine, please help others by writing a quick review about my practice. And be honest"!
