

The Winner of the Taiwan Masters Played FOURTEEN GOLF RM-12 Wedges

Written by Australian Business

IRVINE, CA, October 12, 2013 /**24-7PressRelease**/ -- FOURTEEN GOLF, a global leader in the development of golf equipment design, announced today that the Golf Digest "Hot List" award winning FOURTEEN GOLF RM-12 Wedges were played by the winner of the Mercuries Taiwan Masters at the Taiwan Golf and Country Club. This is Fourteen Golf's third international tour victory in a week, bringing the total to 21 worldwide tour wins in 2013.

"Having confidence in your clubs is important especially when battling the torrential rains and typhoon winds that plagued the field at the Taiwan Masters," stated Fourteen Golf COO Marcy Kamoda. "The winner skillfully used his Fourteen Golf RM-12 Wedges to defy the challenging conditions and claim his victory. We congratulate him on winning his fourth Asian Tour title."

The winner played two RM-12 Wedges in 54- and 60-degrees of loft to fine tune his short game and set himself up for the victory. He had a one stroke lead going into the final round and maintained his lead, finishing four strokes ahead of his nearest competitor.

The tour inspired, high performance Fourteen Golf RM-12 Wedge features expanded grooves that impart exceptional spin and rotational speed. These uniquely shaped trapezoidal grooves have been enlarged by 15% as compared to other FOURTEEN GOLF wedges. This increase in overall groove volume enhances spin retention particularly on partial shots. In addition, these high quality grooves perform well in both dry and wet conditions.

"The winner's success around the greens at the Taiwan Masters can be attributed to the reverse muscle design and signature trapezoidal grooves on the RM-12 Wedges. These features ensure spin and consistency in the worst of conditions," added Kamoda.
