

Canton Dentist Celebrates 31 Years Of Excellent Service

Written by Australian Business

CANTON, MS, October 13, 2013 /**24-7PressRelease**/ -- Reaching a professional benchmark is a memorable feat, especially when it represents the culmination of a long, successful career. "I am very happy with my career. I love Canton and I love being a dentist," said Dr. Ruth Morgan. "I cannot believe it has been 31 years."

Dr. Morgan has practiced in the region for most of her career, but she continues to bring the enthusiasm and freshness of a rookie to her practice. "I haven't lost my passion for my work one bit," said Dr. Morgan. "I know that can happen sometimes, but I am passionate and up-to-date with all the latest advancements in dentistry. When patients come to me, they get the enthusiasm and energy of an early career professional with the experience of a 31-year veteran."

For residents looking for a general or cosmetic dentist in Canton, Mississippi, Dr. Morgan proves to be an excellent option, with many positive reviews and results over the years. "If a patient is new to the area or doesn't know anyone who has been to my office, I encourage them to look at our smile gallery on our website," said Dr. Morgan, Canton dentist. "The results speak for themselves. My patients also enjoy the homely feeling of my practice. It's more comforting than a tiled, clinical setting."

Indeed, the lobby of Dr. Morgan's practice looks and feels more like a living room than dentist waiting room. Many patients enjoy this perk. However, the seemingly casual atmosphere does not affect the technology or professionalism of the practice, which is equipped with all the advanced technologies, from digital x-rays to 3D imaging and soft tissue lasers. Dr. Morgan is also equipped to give intensive restorative services such as dental implants.

Dr. Morgan offers a comprehensive list of general dental services. Additionally, she offers specialty services, such as Zoom! whitening, veneers and same-day crowns. "Come celebrate this joyous occasion with me," said Dr. Morgan. "Healthy, happy smiles are a great gift."

For more information or to make an appointment, patients can visit her website at <http://www.ruthmorgandds.com> or contact her office at 601-940-2149.
