

SAN DIEGO, CA, October 15, 2013 **/24-7PressRelease/** -- Jackson Design & Remodeling (JDR) is proud to announce it has won two Master Design Awards, the prestigious peer-to-peer awards program for professional remodelers by Qualified Remodeler Magazine.

Jackson Design & Remodeling earned a Silver Master Design Award in the category [Bathrooms less than \\$30,000](#)

for a dramatic Asian-inspired powder bathroom for a client in San Diego. JDR Designer Sol Quintana Wagoner, Architect Jim Groen and Structural Designer John Kavan led the design build team to create the new powder room, which conveys a glittering sense of drama in a small space. A wall was built to conceal the venting system, allowing for the addition of a free-standing vanity. An impressive wall of tile gleams in deep hues of ebony, gold and dark brown, illuminated by gold leaf lighting, which is activated by a sensor when entering the room. A curved mirror with a rustic Asian-themed wood frame is the backdrop for a stunning arched onyx sink with gold fixtures. The sink appears to glow with creamy luminescence atop the free-standing vanity with Shoji-style doors. A natural stone floor in dark black with sparkles of metallic gold is a striking foundation for this extraordinary room. The experience of a visit to this powder room with its Asian-inspired glamour and sophisticated design discipline is seductive and unforgettable.

The second Silver Master Design award came in the category [Bathrooms \\$30,000 - \\$50,000](#) . JDR Designer Sol Quintana Wagoner, Architect Jim Groen and Structural Designer John Kavan led the transformation of the guest bathroom into a space with clean Asian-inspired lines and light-filled luxury. Key features include harmonizing tranquil colors, the visuals of flowing waterfalls, and an innovative Shoji screen-style door that opens in three widths for varying degrees of privacy. This peaceful oasis now communicates the clients' passion for Asian themes while providing their guests with a calm, private space for relaxation and reinvigoration.

The Master Design Awards are judged by remodeling industry peers from across the country making it one of the most prestigious and sought-after annual awards programs in the industry. Awards are given to Gold, Silver, Bronze and Honorable Mention winners in each of the 22 award categories.

"These bathroom remodels were inspired by Asian influence and are an example of the creativity and vision a unified design build team brings to a project," said Todd Jackson, president and CEO of JDR. "Our biggest goal is to meet the needs of our clients and to always deliver outstanding projects. Our clients were thrilled with the transformation, and to be acknowledged by our peers for our work, is just fantastic. I'm proud of our entire team for their continued hard work and dedication."

Jackson Design Remodeling Earns National Recognition for Asian-Inspired Bathroom Remodels
