

Settleware's Help-A-Hero Offers Complimentary Online NotaryCam's to All Veterans and Military

Written by Australian Business

November 08, 2013 **/24-7PressRelease/** -- Settleware Secure Services, Inc., the pioneering electronic signature and e-Notary leader, announces that immediately and until Veteran's Day, Monday, November 11, 2013, will honor those who have served by offering free NotaryCam's to all United States veterans and service members. NotaryCam allows business and individuals to legally notarize, sign and execute documents, agreements or contracts online.

NEWPORT BEACH, CA, NotaryCam is the first patented all-digital service of its kind. Parties from anywhere in the world can connect to a live notary public in a secure virtual signing room. Identities and e-signatures are verified in a face-to-face web interaction to notarize deeds, powers of attorneys, living wills, and more.

NotaryCam streamlines the notarization process in a secure, efficient, and convenient online forum. "As a small token of our appreciation to our veterans, especially those that have been wounded and might find it very difficult to drive to a notary, free NotaryCam's can help them save time and money as well," stated Rick Triola, founder of Settleware and NotaryCam.

Citizens can help through Settleware's Help A Hero offer—for every NotaryCam completed between now and Veterans Day, Settleware will offer a free NotaryCam to a veteran or active military personnel. You can also give your thanks by donating a NotaryCam.

"In a small way we can give back to our veterans for all the sacrifices made to protect all of us. Deployed military have had their lives disrupted and if we can just remove the stress and angst to conduct family business, we're glad we can help," stated Rick Triola, Founder. "If you're deployed overseas and need to execute a power of attorney, or need to sign and notarize any document, NotaryCam has you covered."
