

BRIDGEWATER, NJ, May 11, 2014 **/24-7PressRelease/** -- Perfect Circuit today announced the launch of <http://www.perfectcircuit.net> as an information portal for Somerset County metro homeowners to find information about Electrician and Electrical Repairs solutions. With articles being added almost every day and an online monthly newsletter of home improvement tips, the website is anticipated to quickly become Somerset County's primary resource website for Electrical Repairs and Electrical Wiring information.

Future plans include educational guides on selecting an Electrical Repairs contractor, professional advice from local Electrician experts, and a question and answer forum for Somerset County homeowners.

Development of other community minded features for <http://www.perfectcircuit.net> are already underway and new user awareness guides from expert Electrical Repairs Contractors are already being added on how best to beautify your home with any budget, guides on maintenance and repair, to what everybody should know about the latest Electrical Repairs and Electrical Wiring materials and designs before starting any property improvement project.

The website will be an invaluable resource for homeowners in finding accessible information to address their Electrical Repairs , Electrical Wiring and Electrical Troubleshooting needs. Information will be efficiently categorized for easy navigation.

The owner of Perfect Circuit, Ken Bender stated, "Our goal is to be the best home and family resource center and information portal for assisting all Somerset County homeowners with their Electrical Repairs needs. The depth of knowledge and resources at <http://www.perfectcircuit.net> is simple, concise and offers every homeowner some information about their home."

The family-owned local business of Perfect Circuit Electrical has built its reputation on superior customer service and quality work. All of our electricians and staff undergo continual training in the latest electric repair and installation techniques and tools as well as customer service. We take the time to demonstrate our respect for you, your time, and your property. We do so by arriving on time to our appointments, completing efficient work, and maintaining a clean work site at your home or business. Our professional staff is available for repair services at any time, day or night. For more information please visit <http://www.perfectcircuit.net>
