LEXINGTON, KY, May 11, 2014 **/24-7PressRelease/** -- Nerlens Noel, Philadelphia 76ers basketball player, spent the 2014 season on the bench due to an injury to his ACL. While he wasn't as active on the court, he has been active with his oral health. Just recently he made a visit to TLC Dentistry for a dental checkup.

"We are excited to see all of our patients that walk through our door. There are no favorites in this profession. We want to treat every patient with care, and that's why each dental case gets a careful amount of attention," says Dr. Chalothorn.

Nerlens Noel has one thing TLC Dentistry wants all of their patients to take up-dedication. It isn't luck or talent that keeps your teeth and gums healthy-it's dedication to your oral hygiene regiment.

You defend your oral health by brushing and flossing on a daily basis. And it can't be once a day-you need to take a shot for two times a day. There will be consequences for lack of oral hygiene, such as cavities, plaque, gingivitis and gum disease.

A regular dental checkup keeps stats on the health of your teeth and gum tissue. If you want your teeth to have a long career, keep it up with the at-home preventative care and bi-annual exams.

To keep tabs on exciting office news, such as this one, check out their Facebook page, Twitter feed and interactive blog.

When it comes to your oral health, you need to play smart.

To schedule an appointment with TLC Dentistry's Lexington office, call them at (859) 223-8987. Or go to [www.tlcdentistry.net](http://www.tlcdentistry.net) for more information about available dental services, location, hours of operation and general oral health facts.

**About TLC Dentistry:**Dr. John A. Thompson graduated from the University of Kentucky College of Dentistry in 1971. After a tour with the United States Air Force, completed in 1973,

Dr. Thompson returned to Lexington to practice dentistry, opening his own practice at Corporate Center in 1984. For the last thirty years, Dr. Thompson has served as a part-time faculty member in the College of Dentistry. He has also held positions as President of the College Alumni Association, President of the Kentucky Dental Association and President of the Blue Grass Dental Society. As of right now, Dr. Thompson is serving as editor for the Kentucky Dental Association Publications.

Dr. William E. Lee is a native Lexingtonian, and he graduated from Vanderbilt University in 1977, going on to receive his dental degree in 1981 at the University of Kentucky College of Dentistry. In 1990 along with his practice partner and wife, Dr. Janet Faraci, Dr. Lee merged practices with Dr. Thompson. He is an active member of the American Dental Association, Kentucky Dental Association and Blue Grass Dental Society. Dr. Lee currently serves on the ADA Council on Annual Sessions, who plans dentistry's annual national meeting.

Dr. Pada Chalothorn received his Bachelor' degree in Business Administration and Finance from the University of Kentucky in 1999. He received his dental degree in 2004 from the University of Kentucky College of Dentistry. Dr. Chalothorn is an active member of the American Dental Association, Kentucky Dental Association (also served as delegate) and Blue Grass Dental Society.

Along with Dr. Lee, Dr. Chalothorn is certified in the use of the Biolase Dental Laser.
