

## Southern Petroleum Laboratories, Inc. Announces New Corporate Measurement Specialist

Written by Australian Business

---

HOUSTON, TX, May 12, 2014 /**24-7PressRelease**/ -- Lowell Chapman has been promoted to Corporate Measurement Specialist for [Southern Petroleum Laboratories, Inc.](#), an industry leader in oil and gas measurement, hydrocarbon lab analysis, allocations, and auditing services.

"I look forward to continuing my work in the industry and providing my expertise for many years to come," said Lowell. Lowell will report to Joe Landes, Executive Vice President, Technical Services Group. Joe stated, "We are enthusiastic about his new role and believe it aligns with SPL's current operational structure."

Lowell joined SPL in 1978 and has served as the Director of Field Services for the Carencro, Louisiana facility and, most recently, Director of Operations for its Pleasanton, Texas facility. In the new position, he will be instrumental in refining liquid measurement training, meter proving operations, and business development in the Eagle Ford Shale and Permian Basin areas of Texas.

"We believe that this change will allow SPL to focus some of the best measurement talent--found in Lowell--on the needs of the Eagle Ford and Permian Basin areas," said Christopher Frier Brown, President of SPL.

In its continued commitment to providing best practices and excellence in the field, this strengthening of operations positions SPL for further growth and opportunities to expand services to meet the varying needs of its clients.

About Southern Petroleum Laboratories, Inc.:

Established in 1944, SPL was one of the first major suppliers to service the exploration & production, petrochemical, refining, pipeline and retail markets with petroleum and environmental testing services. Today, SPL is recognized globally as an industry leader in [gas and liquid field measurement](#), hydrocarbon lab analysis, allocations, and auditing services. The company has performed work throughout the United States as well as international markets that include the China Sea, Kuwait, Libya, Mexico, Peru, Saudi Arabia, and Yemen.
