

SACRAMENTO, CA, August 21, 2014 **/24-7PressRelease/** -- Retail Radio is one of the fastest-growing private companies in the United States, according to Inc. magazine. Retail Radio, based in Sacramento, Calif., made Inc.'s list of fastest-growing companies for the third year in a row. [The list](#), announced online as part of the Inc. 5000, coincides with the magazine's September 2014 issue.

Retail Radio provides in-store music and other sensory branding services -- including digital signage, digital menu boards and scent -- for stores, restaurants and other locations throughout the U.S. and Canada.

"It's really gratifying to be on Inc.'s fastest-growing list three years in a row," said Bill Louie of Retail Radio. "It's a great honor to be recognized even once, but three times in a row is special. It shows that we're always adding new clients, and it underscores the fact that we've become one of the premier providers of in-store music in the U.S."

Inc. ranked Retail Radio #1,368 among all companies nationwide and #150 among companies in the Advertising & Marketing industry. Retail Radio has grown 314 percent over the last three years.

Retail Radio's sensory branding services are utilized in all 50 states. The company's in-store music, digital signage, and other products help businesses create the optimum shopping experience for their customers.

About Retail Radio Retail Radio is one of the fastest growing businesses in the United States. The company provides licensed music and other services to retail stores, restaurants, and other locations throughout the U.S. and Canada. The company has achieved rapid growth due to two key factors: innovative, proprietary, music software and a management team with more than 80 years of experience in the radio business. In addition to licensed in-store music, Retail Radio provides on-hold music, customer queuing, digital signage, and production of customized audio, text and visual messaging. Retail Radio focuses on building the brand of its clients, providing store-specific music and messaging that enhance the customer experience.
