WEST PALM BEACH, FL, August 22, 2014 **/24-7PressRelease/** -- Evershore Financial Group, an independent comprehensive financial services firm with offices in Orlando, Boca Raton, and Palm Beach Gardens, announced that it was recently named one of Florida's Best Companies to Work For, appearing in the August issue of Florida Trend Magazine. This is the fifth year that Evershore has received this honor from Florida Trend.

"From the start, our goal has been to recruit advisors and staff that work well together and put our clients first," said President, Bob Barboni. "Our advisors and staff are our most important asset. We show this by insuring that we offer a great working environment, highly competitive compensation, phenomenal training, and a collaborative culture."

The Best Companies to Work for in Florida program was created by Florida Trend and Best Companies Group and endorsed by the HR Florida State Council. Companies that chose to participate underwent an evaluation of their workplace policies, practices, philosophy, systems and demographics including survey to measure employee satisfaction. Best Companies Group managed the registration, survey and analysis and determined the final rankings based on the combined scores.

"The top companies seek high energy employees who vigorously accept the organization's core values," said Florida Trend Publisher Andy Corty. "The companies that attract these great employees are the same companies that show growth even in a challenging business environment. It's our pleasure to recognize them and encourage others to build Florida's competitive advantage."
