

Dr. Salman Hassan a Prominent Pediatrics Physician

Written by Australian Business

BRONX, NY, August 23, 2014 **/24-7PressRelease/** -- Dr. Salman Hassan is an elite medical doctor in the field of Pediatrics. He provides comprehensive medical care for infants, children and adolescents. Dr. Hassan has the education, training and expertise to provide the best medical care for children of all ages, working closely with parents to guarantee that the child is developing and maturing properly.

In 2004, Dr. Hassan received his medical degree at the St. George's University School of Medicine. In his 6 years of practice, Dr. Hassan has been a prominent member of the American Academy of Pediatrics. He is a board certified pediatrician in Bronx, New York and is affiliated with multiple hospitals including Bronx-Lebanon Hospital Center Health Care System and Lincoln Medical and Mental Health Center. He is one of 75 doctors at Bronx-Lebanon Hospital Center Health Care System and one of only 27 at Lincoln Medical and Mental Health Center who specialize in Pediatrics.

Hard work and determination helped Dr. Hassan complete his internship and residency at Maimonides Medical Center and Long Island Jewish Medical Center respectively. Dr. Hassan is constantly increasing his medical knowledge and skills by reading up-to-date articles/journals from JAMA and NEJM. He shares his expertise with local organizations by speaking in schools located in the Bronx area of New York City. Dr. Hassan attributes his success to his investment in patient care, hard work and dedication. Being a medical professional is a difficult and rewarding profession, but also one that requires compassion, confidence and courage, which Dr. Hassan clearly has.
