

Melted Clowns Delivers a Clown Car Full of Fun with a Twist

Written by Australian Business

FORT WORTH, TX, August 30, 2014 /**24-7PressRelease**/ -- Melted Clowns Delivers a Clown Car Full of Fun with a Twist

Hannah loved going to the park. She especially enjoyed going to Cherry Park. The fun starts when the clowns stop by . . .

But when a storm threatens to ruin their fun, find out what the clowns have in store for Hannah and the townsfolk. Clowns and kids, a perfect combination; see what's in store.

Join Hannah and her friends in Cherry Park as the clowns teach everyone that no matter what the weather has in store, you can still have fun!

Author David C. Hughes loves to write. Since his daughter , Hannah, came into the world six years ago, he's had lots of practice making up and writing down all sorts of fun stories, many featuring Hannah as the main character. Author of the inspirational book, The Epiphany of Joy, he left his corporate job in 2013 to pursue his love of storytelling. Melted Clowns is his debut illustrated children's book. To stay abreast of David's current projects, please check out his blog at <http://davidchugheswriter.com> .

Illustrator Emilie L. Hughes has hoarded art supplies ever since she was a little girl. Every chance she gets, she draws and paints and plans to study art in college to become a graphic designer. She loves volunteering at art programs to share her love of art with children. Melted Clowns is also Emilie's debut illustrated children's book.
