

Dr. Horace R. Petersen, a High-skilled Physician in the field of Orthopedic Surgery

Written by Australian Business

NEOSHO, MO, August 30, 2014 **/24-7PressRelease/** -- Dr. Horace R. Petersen is a certified physician by the American Board of Orthopedic Surgery. He has been known for his commitment and excellence in serving and managing patients' needs. Dr. Petersen always keeps in mind the safety when planning for every intervention for his patients' condition.

Dr. Petersen earned his medical degree in a reputable Texas College of Orthopedic Medicine, 1982. Dr. Petersen did both his internship and residency at Brook Army Medical Center, specializing as an Orthopedic Surgeon, mostly dealing with hands, feet, and hip problems. Out of his passion and perseverance, he was able to accomplish his trainings successfully. The skills, lessons and experiences Dr. Petersen gathered have served him and his patients well for over two decades. Currently, Dr. Petersen now treats patients at Freeman Neosho located at 4040 La Questa Drive Neosho, MO 64850. He is also affiliated with Tox Monett Hospital as a board certified Orthopedic Surgeon. He always guarantees quality care and services to every patient he manages.

Dr. Petersen's expertise in a field that demands precise and perfect precision speaks loudly and confidently about his ability and mastery in such complex area of medicine. It is exactly due to his skillfulness that Dr. Petersen is a major player in the exclusive American Academy of Orthopedic Surgeons. Dr. Petersen attributes his prosperity to his passion to listen to his patients, his politeness and his courteousness. He also believes that success comes with hard work and determination.
