

## Dr. Susan J. Littman: A Superb Medical Oncologist and Hematologist

Written by Australian Business

---

PHILADELPHIA, PA, August 30, 2014 **/24-7PressRelease/** -- Centers for Medicare & Medicaid Services awarded Dr. Susan J. Littman with the Meaningful Use Stage 1 Certification. Dr. Littman has been an enormous contributor in the field of Oncology and Hematology. She has published and presented studies related to her profession such as the Recent Treatment Advances and Novel Therapies in Pancreas Cancer: A Review, Etiology of the mutational spectrum of ras genes in human carcinomas, etc.

In 1989, Dr. Littman received her medical degree from Albany Medical College. She then continued her training at the University of Texas Southwestern and Parkland Health & Hospital System from 1990-1993. Dr. Littman successfully completed her training while improving her knowledge and skillset in various disciplines. In addition, Dr. Littman completed a 3-year fellowship (1993-1996), in Hematology and Oncology at Duke University Hospital.

Currently, Dr. Littman is affiliated with various prominent hospitals such as Lankenau Medical Center, Duke University Hospital and Thomas Jefferson University Hospital. These institutions are well known for providing high-quality treatment for cancer patients. With regards to cancer management and treatment, Duke University Hospital is ranked 22 and Thomas Jefferson University Hospital ranked 27 in the list of the top performing institutions for cancer management.

Dr. Littman is not only an in-demand physician, treating the various needs of cancer patients; she is also an active Assistant Professor in Medical Oncology at Jefferson Medical College Jefferson University. Dr. Littman attributes her success to her eagerness and willingness to provide answers to the varied needs of her patients, students and colleagues.
