

Protective Enclosures Company to Attend Asia America Wholesale Show

Written by Australian Business

ORLANDO, FL, August 30, 2014 /**24-7PressRelease**/ -- Protective Enclosures Company, the leading manufacturer of secure weatherproof TV and digital display enclosures, will be at the 2014 Asia America Wholesale Show in Miami. Swiftly becoming a favorite of both residential and commercial markets, The TV Shield and The Display Shield are expected to be a big hit among the show's buyers coming from 43 countries in the Caribbean, Latin America and the United States.

Protective Enclosures Company CEO, Justin King, stated "PEC has seen growing interest internationally and looks forward to the opportunity to fill additional client needs worldwide. Given the attendance expected for the show, we know we'll make many great connections."

At the exhibit, Protective Enclosures Company will show The TV Shield and The Display Shield. The TV Shield is a weatherproof, durable, secure, stylish and affordable outdoor enclosure usable with any standard television. Designed more specifically for high-traffic public spaces and used in commercial applications, The Display Shield is a weatherproof, tamperproof, protective enclosure for flat panel displays and digital signage. The University of Alabama, the University of Mississippi, Talladega Speedway, Times Square, Marriott, Talladega Superspeedway, Southwest Airlines, TGI Fridays, and Six Flags are just a few places Protective Enclosures Company products can be found. The Display Shield is perfect for airports, healthcare facilities, hotels, stadiums, training facilities, retail locations, institutional environments and more.

PEC also looks forward to sharing exclusive inside information with attendees at the Asia America Wholesale Show concerning upcoming products. The company has plans to introduce redesigned versions of The TV Shield and The Display Shield in coming weeks, which will offer additional size options as well as a rounded softer frame edge to enhance cosmetic appearance, increase safety and improve strength. In addition, The TV Shield Pro , an upgraded combo option of The TV Shield and The Display Shield is due out in the near future. The TV Shield Pro offers higher-gauge back-housing, a shatter-resistant optically-clear Lexan polycarbonate shield to protect television screens and digital signage, built-in fan systems and extended warranties.

Protective Enclosures Company is thrilled to be attending the Asia America Wholesale Show and will be at booth 215 September 8th, 9th and 10th, 2014.
