

Price Self Storage is Santa's Little Helper for the Holidays

Written by Australian Business

SAN DIEGO, CA, November 20, 2014 **/24-7PressRelease/** -- Price Self Storage provides Elf Storage, a free gift wrapping station at multiple locations this holiday season, giving families a place to escape while wrapping presents and keeping gifts hidden until their anticipated reveal. The gift-wrapping stations provided by Price Self Storage will be at the storage company's Murphy Canyon and Azusa locations from Nov. 10 until Dec. 24.

"We are happy to bring back the free gift wrapping offering at Price Self Storage for its fourth year," says Kelly McClenahan, Marketing and Creative Manager. "It can be especially hard during the holidays to find a time to escape and wrap gifts in private, away from the snooping eyes of children and loved ones. We hope that our Elf Storage can reduce some of the stress that comes with the holidays."

McClenahan adds, "Wrapping gifts away from home builds surprise and anticipation for the entire family and makes the holidays that much more special. Our Elf Storage offers a spacious place to wrap presents and it's stocked with rolls of holiday paper, tags, tape, and bows.

Price Self Storage is also a great solution for keeping presents tucked away until their expected reveal date. The storage facility offers a variety of storage unit sizes, ranging from the size of a large closet, to units that can hold content for up to six office rooms. Thus, whether tenants plan to hide and store gifts for the entire family or one big gift, such as a brand new car, Price Self Storage is an affordable and reliable option.

The gift-wrapping stations are available to the public at 3951 Murphy Canyon Road, San Diego, CA 92123 and 1110 West Foothill Boulevard, Azusa, CA 91702. For further inquiries about the location specific gift-wrapping stations, contact San Diego's facility managers at 858-560-1123 or Azusa's facility managers at 626-633-0100. Holiday storage is available at all Price Self Storage locations and can be reserved at designated Price Self Storage facilities or online at <http://www.pricselfstorage.com>

Price Self Storage operates thirteen self-storage facilities in California serving communities in San Diego, Inland Empire, Los Angeles, San Juan Capistrano and Walnut Creek. To learn more about the services offered by Price Self Storage, visit <http://www.pricselfstorage.com>.
