

BALA CYNWYD, Pa., Sept. 27, 2013 /PRNewswire/ -- Law office of Brodsky & Smith, LLC announces that it is investigating potential claims against the Board of Directors of MAKO Surgical Corp. ("MAKO" or the "Company") (Nasdaq: [MAKO](#)) relating to the proposed acquisition by Stryker Corporation.

Click here to learn more about the investigation <http://brodsky-smith.com/650-mako-mako-surgical-corp.html>, or call: 877-534-2590. There is no cost or obligation to you.

Under the terms of the transaction, MAKO shareholders will receive only \$30.00 per share for each share of MAKO stock they own. The investigation concerns possible breaches of fiduciary duty and other violations of state law by the Board of Directors of MAKO for not acting in the Company's shareholders' best interests in connection with the sale process.

The transaction may undervalue the Company as MAKO produces the Rio Robotic AM Interactive System used in robot-assisted surgeries. Despite the rise of robot surgeons in the United States, robot-assisted procedures represent only a very small amount of surgeries performed in the global market. Therefore, robot surgery should grow substantially in untapped emerging markets such as China, India, and Latin America. In addition, MAKO stock traded at \$44.98 per share on March 26, 2012
