) Woodland Hills, CA – Audi Auto Gallery, the popular Los Angeles area Audi dealership, has announced the recent expansion of their certified pre-owned (CPO) inventory. The expansion has significantly increased the Audi dealership's section of 2010, 2011 and 2012 Audi CPO models, making them one of the largest providers of high quality used Audis in Southern California. This comes as good news to Audi enthusiasts seeking affordable pricing and special offers through trusted used Audi dealerships in the greater Los Angeles area.

The [Audi Certified pre-owned program](#) is considered by experts to be one of the most comprehensive quality inspection processes in the luxury car industry. For a used Audi to qualify as a CPO, it first must undergo a rigorous 300+ point inspection, where professional technicians officially verify that the vehicle has met the high quality standards set by the company. To further its value, Audi Certified pre-owned vehicles are accompanied by strong warranty coverage of up to six years or 100,000 total miles. Audi's intention with the thorough CPO program is to remove consumer uncertainty, by maximizing customer confidence and overall experience.

In addition to expanding their inventory of Audi CPO models, Audi Auto Gallery has also worked to simplify the shopping process. Customers interested in Audio CPO options can now easily search through the Los Angeles area Audi dealer's inventory with a few clicks of the mouse via their website. They also offer a CarFinder service in which the Audi dealership will find a customer's ideal CPO for them. Online customers can also receive an exclusive E-Price when browsing the Audi Auto Gallery website.

Audi Auto Gallery is excited about the launch of their expanded CPO inventory. Used Audis, like the critically acclaimed Audi Q7, Audi Q5 SUV, Audi A8 Sedan, and the Audi A4 Coup remain some of the most well sought after pre-owned luxury vehicles on the market. Audi Auto Gallery recommends customers visit their website today for a quick look at the current expanded stock, or to visit their award-winning Audi Los Angeles area dealership today to speak one-on-one with a specialist.
