MESA, AZ (October 8, 2013) AZ Lending Experts, a leading mortgage broker in Arizona, announces free appraisals for clients who are purchasing homes.

Many mortgage companies offer free appraisals with refinances, but AZ Lending Experts is investing in their clients' transactions upfront by offering free appraisals with home purchase loans. The program is part of the lender's commitment to build long-term relationships with their clients.

"Getting a mortgage is a one-time financial event, but home ownership is a lifelong journey. We want to be your mortgage lenders for life," says AZ Lending Experts cofounder Scott Roberts.
