World-Renowned Health Experts, including Bruce Lipton, Bernie Siegel, David Katz, Gary Craig, Deborah King, David Hamilton, Mariel Hemingway, and John Robbins shared with the world how to improve our physical, emotional, mental, spiritual, relationship and financial health. They introduced a revolutionary New Healing Paradigm and showed the power of nutrition, emotions, thoughts, social environment, lifestyle, compassion, forgiveness and love and how it effects our body and mind.

Even now that the Summit is over, people have the chance to get direct and personal access to some of the Summit Speakers by attending the upcoming Special Live Events. Ask personal questions, interact live via social media and discover how to integrate what has been learned during the Summit into our daily life.

Attendance is limited to anyone who has purchased a META-Health Summit Upgrade Packages, see [www. metahealthsummit.com](http://www.metahealthsummit.com) .
