, one of the leading property investment agencies in the Buffalo area, is excited to announce that it's now listing multiple family properties. These gorgeous properties are located in suburbs throughout Buffalo and Niagara Falls, New York.

For both single family and multiple family listings, Buffalo Turnkey Properties finds great deals on behalf of its investment partners. Then, it renovates the property, finds a tenant, and sells the property to the investment partner, passing along major savings in the process. When it comes time to sell a property to investors, Buffalo Turnkey Properties assists them with every step of the sale and after sale.

In addition to locating fantastic deals on both single and multiple family properties, Buffalo Turnkey Properties has its properties managed by Key Property Consulting. According to a spokesperson for the company, "Buffalo Turnkey Properties has thrived in the property investment business because we know the market, have dealt with hundreds of transactions, and treat people the way we would want to be treated." Investors who go with Buffalo Turnkey Properties are always glad they did.

About Buffalo Turnkey Properties With more than 20 years of experience in buying and selling properties, the owner of Buffalo Turnkey Properties has worked hard to build up a business that specializes in the best deals on high cash flow properties in New York.
