( [PRLEAP.COM](http://PRLEAP.COM) ) Tustin, CA - Commercial truck leasing experts [Go Truck Capital](http://GoTruckCapital.com) are in the process of adding a new "Resources" page to their website.

The intent is for this page to be a customer access point that makes their truck leasing experience even easier. A temporary heading appears for the "Resources" page on right-hand informational column that appears on most pages, and soon that will take users to a help page that will allow users to locate pieces of equipment and provide other user-friendly functions. The equipment locator will allow customers to find semis, dump trucks, and other pieces of commercial equipment that meet their specific functionality, financing, and location needs.

Go Truck Capital's specialization is helping businesses put the vehicles that they need to operate effectively on the road immediately so that they can operate with maximum effectiveness. They offer a wide variety of trucks including tow trucks, delivery trucks, and equipment trucks available with customizable lease conditions that can be structured to accommodate the specific situation of any given client. Their lease conditions can be customized to fit different term lengths, different payment options, and can even be structured as lease-to-own agreements. They specialize in working with small and mid-sized businesses; however, they also have experience servicing the needs of companies of all sizes and industries.

To see the specific pieces of equipment currently available, read about the different leasing options, or to begin the leasing process, go to Go Truck Capital's website, [www.getruckcapital.com](http://www.getruckcapital.com). You can also contact them via telephone at (855) 396-7415 or in person and through direct mail at 15137 Woodlawn Avenue, Tustin, California, 92780.
