About Thinking Outside the Boxe-Thinking Outside the Boxe is a private, nonpartisan think tank that is dedicated to providing a wide variety of perspectives on issues that are of interest to the general public. The views that are expressed in Thinking Outside the Boxe's commentaries and research are often times uncommon, provocative, and controversial. Thinking Outside the Boxe's mission is to formulate and promote positions and to provide research, independently, that would otherwise be deprived of an outlet in the mainstream media. Thinking Outside the Boxe's commentators and researchers seek to broaden the parameters of public knowledge by addressing issues in such a fashion as to provoke thought and debate on some of the most pressing issues of our day.

Thinking Outside the Boxe's Champagne Summit series began as a side event to the annual symposium held in December each year. Increased interest in the Champagne Summits by participants and guests led Thinking Outside the Boxe to expand the Champagne Summits to one event per quarter in addition to the annual symposium. Thinking Outside the Boxe also began offering a limited number of individual tickets to the quarterly Champagne Summits.
