

(PRLEAP.COM) January 20, 2014 - Owner and President of O-SEA-D Jason Cohen is pleased to announce a joint partnership with CEO of Sherry Manufacturing Scott Coltune.

Sherry Mfg. (d/b/a Sherry Resortwear) is one of the nation's leading screen printers. The company is located in Miami, Florida approximately 30 blocks north of the Miami International Airport. **[Sherry Mfg.](#) has some of the top licenses in the business such as Marvel (Spiderman, Iron Man, Captain America), Sea Dog, Bucked Up and Sesame Street.**

The Showroom, warehouse and printing facilities are all inclusive in our state-of-the-art plant. Through a network of worldwide sales representatives, Sherry Mfg. Co. distributes its products nationwide to resorts, theme parks and airport retailers. The company markets products under the brands of Sherry Resortwear, Vision Resort Wear and Slick. The business has always been and still is family owned.

Complemented by Sherry Mfg.'s exceptional reputation and experience in the screen printing industry, [O-SEA-D](#)'s owner Jason Cohen says that his company has been able to expand rapidly and progressively.

This joint partnership with Sherry Mfg. has allowed O-SEA-D to attend the Surf Expo in Orlando, Florida several times as well as the DEMA Show in Las Vegas.

Jason Cohen of O-SEA-D explains the meaning behind his company's play on words as an indication of just how obsessed he, his staff and customers are with surfing, boating, diving, fishing and everything beach-related. Since O-SEA-D sounds like "OCD", or the accepted acronym for obsessive-compulsive disorder, Cohen thought it was the ideal name to promote

his products and undying love for the ocean. He states that O-SEA-D is "our condition and our way of life" and invites everyone to join his team to make it their condition as well-or, in his own words: "Catch O-SEA-D"!

Shirts that are sold by O-SEA-D come with a 100 percent guarantee to ensure customers experience optimal satisfaction with the product. Offering UPF 30 sun protection, comfortable and breathable anti-static materials and anti-stain/anti-microbial properties, these shirts will not shrink or fade in the wash.

Fabulously cool designs created by O-SEA-D and imprinted on this quality apparel are applied using the sublimation technique which vaporizes ink into the shirt's material to generate vividly colored, eye-catching graphics.
