Hollywood, CA – North Hollywood Toyota, a new and used Toyota car dealership in Los Angeles, earned the 2013 Toyota Financial Services' (TFS) Circle of Excellence Award. TFS presents the Circle of Excellence award to Toyota dealers who provide exceptional financial services and options to each auto loan borrower. Beyond that sterling standard, winners of this award must excel in all facets of car finance operations. Only the top 33 Toyota dealers in the nation qualify for this prestigious distinction.

With their second TFS Circle of Excellence Award in five years, this is a milestone accomplishment for the Los Angeles Toyota dealership. This distinguished award is reserved for the top 3% of Toyota dealers in the nation each year. North Hollywood Toyota is honored to be in such good company — again.

Internet Director of North Hollywood Toyota, Noel Graham said, "We've only done this once before since I've worked here. Only 33 stores in the nation get this distinction. The first time we were in exactly the 33rd spot. This year we're 27th out of over a thousand dealers." He goes on to give ample credit to their easy-to-use eCommerce site, stating, "Every transaction contributed to this success." Customers can currently visit NorthHollywoodToyota.com to shop new Toyota, Scion and factory-certified used cars.

Graham also acknowledges the entire North Hollywood Toyota team. "This is a great accomplishment for the store and it is absolutely a team effort," he said. "Couldn't have done it without your support." Their Los Angeles Toyota dealership also provides auto loans, car leases, auto repair, car parts and auto body repair.
