

## Icarus Jet Opens New London Office

Written by Australian Business

---

( [PRLEAP.COM](http://PRLEAP.COM) ) April 26, 2014 - London, UK - [Icarus Jet](http://IcarusJet.com) , a leading provider of charter flight and jet management services, recently opened a new office in Berkley Square, London to better help companies and individuals in need of aviation-related insurance.

Aviation insurance is a highly specialized field of insurance and requires highly trained individuals who understand both aircraft and insurance. Icarus Jet has the personnel with the depth of experience necessary to ensure clients get appropriate coverage for their aircraft and get it at an affordable price. Icarus Jet can help clients find insurance for:

Airlines Airport Operators Component Manufacturers Satellite and Space Helicopter Operators Executive Aircraft Refueling Ground Handling Companies London is a major hub for aviation, and locating the new office there gives Icarus Jet better access to clients, allowing the company to more quickly and efficiently handle their airplane insurance and related needs, whether it's charter flight or major airline insurance.

The company's new London office opened on Feb. 14 and is headed up by Yousuf Ali. Yousuf has extensive experience in the law and insurance. Prior to working for Icarus, Yousuf spent four years in general aviation and airline insurance, working for a city-accredited Lloyd's brokerage firm with a global reach.

Yousuf's experience in aviation and insurance has helped him gain the expertise and connections allowing him to create the best policy for clients' individual needs. Yousuf can analyze clients' aircraft, aircraft usage, finances, business and other factors to determine what policies they need, recommending policies that are useful and affordable.

For additional information about Icarus Jet's charter flight, insurance and other services, visit the company's website at <http://icarusjet.com/> or call the London office at +44 (0) 20 7183 8551. US residents can call the Dallas office at 1 972-364-1833.
