

Icarus Jet Announces Opening of Mayfair, London Office

Written by Australian Business

(PRLEAP.COM) June 9, 2014 - London – An aircraft services firm that offers jet management solutions around the world, Icarus Jet proudly announces the opening of its newest office in Mayfair, London. Among the top products launching out of the London location is Private Jet Charter, a service that allows clients to charter the specific type of aircraft needed for travel, from airlines to heavy jets to helicopters.

Icarus Jet offers an airline option via the 40-seater Airbus 319, which has worldwide capability and VIP features standard. Perfect for a band, sports team or business for executive travel, this aircraft can depart from multiple airports around the London area and travel non-stop to most East Coast location in the U.S., as well as the Middle East and Central Asia.

In addition, clients can take advantage of heavy jet and mid-size charter flights based on their destination and the amount of passengers. The mid-size aircraft is intended for family or business travel for one to eight people internally in the EU or to select destinations in North Africa and the Middle East.

Icarus Jet's new Light Jet chartering provides travelers with a fast, safe and cost-effective way to travel to the southern reaches of the EU. This option includes two highly experienced pilots and the aircraft comfortably seats two to four passengers with spacious seating and a galley for drinks and snacks. Finally, the helicopter charter service carries clients around in safety, comfort and style.

For more information about Icarus Jet and services for charter flights in London, visit the company's website at <http://icarusjet.com/> and stay up-to-date with the latest news on the company blog.
