

## Pacific Kitchens Presenting At San Diego County Fair

Written by Australian Business

---

( [PRLEAP.COM](http://PRLEAP.COM) ) June 25, 2014 - San Diego, CA – Pacific Kitchens, an award-winning kitchen remodeling company, will showcase its quality kitchen cabinet refacing and related work at the San Diego County Fair this month.

Company representatives at the event will demonstrate Pacific Kitchens' work in homes throughout the greater San Diego area and talk about kitchen cabinet remodeling options with visitors to the company's exhibit. You can find Pacific Kitchens in the O'Brien building by the main gate. The event provides a fun and accessible way for homeowners to learn more about the affordable options available to spruce up their kitchens.

Pacific Kitchens specializes in kitchen cabinet refacing, which essentially entails removing the exterior of the kitchen cabinets and replacing them with wood or laminate. Compared to a full cabinet overhaul, refacing is very affordable and achieves similar results. Also, a refacing project can be completed in a quick timeframe, often in just three or four days. Kitchen cabinet refacing also consumes fewer resources than a full kitchen cabinet overhaul, making it the green solution.

Lauded by Angie's List and recognized by the San Diego Union-Tribune as the area's best cabinet refacing company, Pacific Kitchens has a reputation for excellence built over many years of service to the San Diego area.

The San Diego County Fair is one of the nation's premier exposition events. More than 1.5 million people visited the fair last year, an attendance record. The fair typically runs from the second week of June until the Fourth of July weekend. This year's fair will end on July 6.
