

Electricals 247 Introduce Astro Lighting Range of Indoor Lighting

Written by Australian Business

(PRLEAP.COM) June 28, 2014 - Popular UK based lighting manufacturer Astro Lighting have been trading for almost twenty years now. In this relatively short time, the brand has become one of the most talked about lighting brands in the UK, offering a wide choice of stylish light fittings and fixtures, for both indoor and outdoor use.

Electricals 247 have picked up on the popular lighting brand, and are now able to stock and supply their range of products to buy online. With competitive pricing across the whole range, Electricals 247 are not only proud of their [Astro Lighting stockist](#) status, but also confident that customers will find what they require at some of the best prices available. The UK lighting manufacturer offer a wide choice especially when it comes to indoor fixtures; with bathrooms and kitchens catered for in equal regard.

Whether looking for new ceiling lighting for your front room or hallway; or something more decorative, perhaps kitchen or [bathroom lighting](#) - Astro Lighting are a manufacturer who create styles and designs based on the trends of the modern UK household.

Astro Wall Lighting

One of the largest groups of products is the range of [Astro Wall Lights](#) . Electricals 247 stock over one hundred different variants of Astro branded wall lights; with choice being vast whatever your taste may be.

Modern clean white square or rounded wall lights are offered in various sizes, while decorative curved stainless steel light fittings are also another popular choice.

The range also encompasses other more specific types of wall lighting, including a range most suited for lighting up pictures or paintings on the wall - and even a range of wall lighting exists for emergency or reception signs, if you're looking for something more commercially.

Astro Ceiling Lighting

Perhaps the most often sold light fixture is the ceiling light. These are the most visible in the
