

Cathedral City Author Publishes New Book "The Numeric Medium"

Written by Australian Business

(PRLEAP.COM) "The Numeric Medium," a new book by Tyrone Pearson, has been released by Dorrance Publishing.

Have you ever wondered if time is different from timing? Have you wondered what special factors allow some individuals to find more success than others?

Tyrone Pearson's "The Numeric Medium" analyzes the effects of planetary alignment on what commonplace society may simply call luck. "The Numeric Medium" aims at using the math and timing of planetary movements to locate the best once-in-a-lifetime opportunities and paths to success.

Tyrone Pearson's interest in numbers, science, Albert Einstein, and the statistics involved in gambling have no doubt helped to develop this path he now shares with the reader.

"The Numeric Medium" is a 46-page paperback with a retail price of \$11.00. The ISBN is 978-1-4349-0863-6. It was published by Dorrance Publishing Co., Inc of Pittsburgh, Pennsylvania.
