LOS ANGELES, Oct. 23, 2013 /PRNewswire/ -- *The Biggest Scam in the History of Mankind* - episode 4 in The Hidden Secrets of Money™ video series - has gone viral attaining over a 100,000 views daily on YouTube alone. It launched October 15, 2013

Rarely do financial education videos attain this much attention. However, this episode presents an honest, easy to understand explanation of how the monetary system is designed to enrich the financial sector at the expense of the masses. It shows how the financial system works and how it always requires societies to go deeper and deeper into debt. For the very first time the average person can see that it's just a giant Ponzi scheme.

The video explains in simple terms how deficit spending, printing money and, why everyday people are struggling more than ever to move forward financially. The video reveals how the U.S. Federal Reserve creates money, how banks loan it to consumers who then remain in a perpetual cycle of debt. The consequences are these controversial trillion dollar U.S. deficits that continue to grow and encumber future generations of Americans.

Narrated by money expert Michael Maloney, the video portrays the stark reality of today's global monetary system and why a change from the dollar standard is inevitable. As Maloney states, "I believe that the best investment an individual can ever make in their lifetime is in their own financial education."
