

An Unexpected Mission Turns Out to Be an Unbelievable Adventure

Written by Australian Business

FALLS CITY, Neb., Dec. 27, 2013 /PRNewswire/ -- What would she do when a seemingly fantastical tale that used to be narrated by her grandfather turns out to be something real? Readers are about to embark on an adventurous journey that's packed with a series of actions, adventures, fantasy, and so much more in author Michael Charles Schaible's engaging novel. There's so much to be unraveled as the characters meet the *Eye of the Sleeping Dragon*.

In these pages, readers will meet Bay Wang. She kept turning down unwanted suitors that bargained for her marriage. One day, a poor gentleman named Hong broke into Bay's father's farm to borrow a rooster but her father accused him of stealing. To save his hand, Hong agreed to enter a bargain with the rich farmer.

With Bay and a servant named Chi, Hong took the search for a magical stone called *The Eye of the Sleeping Dragon*.

However, the truth is the stone was only a part of a fable Bay's grandfather used to tell the rich farmer. Now, Hong is in a predicament: he had to either bring home The Eye or prove that the stone was unreal.

An unwanted task in the beginning turned out to be a good adventure with fantastic creatures and the wonders of the mountain. This is an amazing adventure that leads to a happy, fruitful ending.
