

(PRLEAP.COM) "Double Vision," a new book by Bobby Lessard, has been released by RoseDog Books.

No matter how dark it may appear around you, no matter how disoriented your life may become, as long as you have a direction....you will eventually get there.

"Double Vision" is an inspiring book about author Bobby Lessard's journey through countless obstacles, diversions, and realizations that had occurred while trying to find his place in society while creating a life driven with purpose.

"Double Vision" is compelling because it takes you on a journey through a life littered with roadblocks that had the potential to end a life's full pursuit of achieving life-long goals.

But through vision, determination, and education, a life with no vision eventually became a life with a "Double Vision" that emerged into two very distinct and successful professions.

The story clearly demonstrates that it is never too late to start over again and re-invent yourself. Learning that a life is measured by what it was lived for is the main thrust of the book and coming to an awareness, if you do not do something to change your current situation, you will one day, at the end years of your life look back and wonder what life would have been like if you just forged ahead and created a life that clearly defines who you are.

"Double Vision" is a 50-page paperback with a retail price of \$11.00. The ISBN is 978-1-4349-3545-8.
