

( [PRLEAP.COM](http://PRLEAP.COM) ) "Lyrallites," a new book by A. A. Nowlin, has been released by Dorrance Publishing Co., Inc.

A. A. Nowlin's LYRALITES: In the Shadows of Evil is a flight of fantasy to a world of unknowns...a world where the two groups of inhabitants—the Lyrallites and the Levors—live as mortal enemies and continue the age old saga of 'good versus evil.' While quite similar in appearance, the Lyrallites are an amphibious group of cave dwellers living in the waters of Talia; and the Levors cannot exist in the ocean, but live on the land and can fly through the air. This struggle all takes place on a mysterious planet called Dasara, which can only be imagined in the evening sky from Earth.

In the year 2025, a group of travelers in a re supply spaceship from Earth are diverted to Dasara where the ship crash-lands after a collision with an asteroid. Strange things begin to happen, as the Earth crew learns the secrets of Dasara and the real reason for their 'accidental' landing on this planet.

This fantasy presents a fascinating parallel between the storyline and the reality of life, leaving the readers to draw their own conclusions.
