About Sutor Technology Group Limited

Sutor (Nasdaq: [SUTR](#)) is a leading China-based non-state-owned manufacturer and distributor of high-end fine finished steel products and welded steel pipes used by a variety of downstream applications. The Company utilizes a variety of in-house developed processes and technologies to convert steel manufactured by third parties into fine finished steel products, including hot-dip galvanized steel, pre-painted galvanized steel, acid-pickled steel, cold-rolled steel and welded steel pipe products. These products are used for household appliances, solar water heaters, automobiles, information technology, construction, and other applications. Currently Sutor has four operating subsidiaries located in two provinces with 12 major production lines capable of processing approximately 2 million metric tons of steel products annually.
