About CorVel

CorVel Corporation is a national provider of innovative workers' compensation solutions for employers, third party administrators, insurance companies, and government agencies seeking to control costs and promote positive outcomes. We apply technology, intelligence, and a human touch throughout the risk management process so our clients can intervene early and often while being connected to the critical intelligence they need to proactively manage risk. With a robust technology platform at its core, our connected solution is delivered by a national team of associates who are committed to helping clients design and administer programs that meet their organization's performance goals.

This press release contains forward-looking statements that are subject to risks and uncertainties, including the risk that the historical financial performance of the Company may not be indicative of future financial performance and the risk that the recent performance of the Company's Common Stock may not be indicative of its future performance, as well as other
