

CHANDLER, Ariz., Oct. 28, 2013 /PRNewswire/ -- Infusionsoft, creator of the all-in-one sales and marketing software for small businesses, announces today it was named a winner of the 2013 Inc. Hire Power Awards. The Awards recognize the contributions of the top 100 private businesses in the U.S. that ignite the country's economic vitality through job creation and company growth. Infusionsoft was the fourth highest-ranking software company on the list.

"We've created more than 240 jobs in the past 18 months and plan to add hundreds more in the years ahead," says Clate Mask, co-founder and CEO of Infusionsoft. "Our true economic impact isn't just measured by the number of jobs we've created at Infusionsoft. We are helping more than 16,000 small businesses succeed every day. Our passion for their success is helping our customers grow sales and create more jobs."

This award also continues a successful year for the small business champion. In addition to becoming an Inc. 500/5000 winner for the seventh consecutive year, Infusionsoft was recently ranked by the Great Place to Work® Institute as the 17th best medium workplace in the United States on their annual list. The company was also named a Top 100 Champion in the 2013 Small Business Influencer Awards and won the Arizona Commerce Authority award for Fastest Growing Company in Arizona.

In January of this year, Infusionsoft received \$54 million in funding led by Goldman Sachs and completed the acquisition of social media marketing company GroSocial.
