Forward-Looking Statements This press release contains "forward-looking statements" and "forward looking information" within the meaning of applicable securities laws. All statements, other than statements of historical fact, including without limitation, statements relating to plans for or intentions with respect to the offering of Securities and the Company's use of proceeds from the sale of Securities are forward-looking statements. Generally, these forward-looking statements can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved". By their nature, forward-looking statements and information are based on assumptions and involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements, or industry results, to be materially different from future results, performance or achievements expressed or implied by such forward-looking information. Such risks, uncertainties and other factors include among other things the following: the Company's ability to engage underwriters, dealers or agents on terms and conditions deemed reasonable by the Company; the need to satisfy regulatory and legal requirements with respect to any offerings; gold price volatility; discrepancies between actual and estimated production and mineral reserves and resources; the speculative nature of gold exploration; mining operational and development risk; and regulatory risks. See our Annual Information Form for additional information on risks, uncertainties and other related factors. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. The Company does not undertake to update any forward-looking statements that are incorporated by reference herein, except in accordance with applicable securities laws.
